

November 2023 Issue

Deadline for December Issue November 27, 2023

~ Pool Update ~

As people are returning for the season, we know everyone is anxious to know what's up with the pool. We have finally gotten through the planning and zoning, drainage department, the health department, utilities departments along with the St Johns water authority. This was the biggest issue.

We are now in the building department, who is responsible for issuing the permit. We are in contact with the pool builder. The building department has a few questions about some of the plans, however, the pool builder thinks these minor issues should be taken care of easily. The county doesn't move quickly on anything. We're still bugging everyone involved and are seeing some progress. This is the last stage before the actual building can begin.

We know it has been a long process and there's been a lot of rumors floating around, but like everyone, we are hoping to get started with the building soon.

Thanks again for your continued patience.

MARINA REPORT

Things are getting busier now in the Marina.

The blue green algae blooms have passed

Lake County has lifted the algae warning so it's time to hit the lake. Come down and put a line in!

We have some slips available if you need one.

Check with one of the Marina Guys to see which slips are available. If you need a boat ramp key, check at office, \$5.00 ea.

Keep your line in! We're pulling for ya!

There is a waiting list for large boat slips. Stop by the office to add your name to the list. There are plenty of smaller slips available. Call or see one of the Marina Guys to check options.

Make yourself a cup of coffee before or after going fishing. Coffee maker located in the clubhouse. \$1.00 per pod.

The Marina Guys—Joe Ingraham, Bob Batzer & Jim Dallas
